Be a part of India's largest event for Cold Chain Industry

India Cold Chain Show is the most renowned and dynamic business-to-business show catering to India's Cold Chain industry. With the success story of seven editions, the show has enjoyed being the sole trading voice for Cold Storage Infrastructure, Refrigeration, Reefer Transport, Temperature Controlling, IT Solutions and Data Storage Solutions. Cold Storages and Cold Chain companies have been the permanent target audience for ICCS as they are the biggest consumers of equipment and technology.

India Cold Chain Show extends a unique platform to meet and interact both Indian and International brands. It brings together manufacturers and suppliers to meet end-users, distributors, consultants and other key stakeholders from across the globe. The show empowers visitors and exhibitors to build new and strengthen existing contacts, learn new industry trends, technologies and upgrade their existing products and services.
